For all new instruments sales

- ✓ We offer all new instruments with NIST & 17025 traceable calibrations
- ✓ Request a Quote today for entire plant operations
- ✓ Scheduling Facility Shutdowns, Weekends and Evenings
- ✓ Competitive prices and service contracts available for additional savings
- ✓ Fast turnaround time ISO and customers audit support
- ✓ Registered Ontario (OACETT) Technicians ready to work In-Lab or On-Site.

### Our calibration capability listing but not limited to

Pressure	Temperature	Electrical	Mech/Other
Pressure Sensors	Thermocouples	Multimeters	Torque Systems
Vacuum Sensors	RTD'S & Thermometers	Multi Calibrators	Torque Wrench
Differential Gauges	Thermistors	Current Clamp Meters	Torque Tools
Vacuum Transducers	Ovens / Furnaces	Meggers	Vibration Systems
Vacuum Gauges	Infrared Thermometers	Capacitance	Gauss Meter
Vacuum Controller	Survey Mapping	Oscilloscope	Sound Meters
High Vacuum gauge	Indicators	Hi Pot Testers	Stop Watch Timers
Pressure systems	Recorder & Data Logger	High Voltage	Flow meters
Pressure Transducers	Controllers	Clamp Meters	Calipers
Pressure modules	Temperature Baths	Power Supply	Height Gauges
Pressure calibrators	Dry Blocks	NDT Mag Bench Current	Gas Detector/Sensor
Pressure switches & relief valves, Recorders	Humidity, PH & Conductivity meters	Welding Machines Current & Voltage	Scales, Force Gauge & Load Cells

### 40 yrs. Industrial Instrumentation Installation Commissioning & Calibration Services

Serving: Water Systems, Aviation, Automotive, Test Cells, Pharmaceutical, Food & General Manufacturing
